1. Introduction

1.1. What is in the publication

This publication contains adjusted financial statements for higher education providers (HEPs) as listed in the *Higher Education Support Act 2003* for the 2008 reporting period. The data was extracted from audited financial statements and provided to the Department of Education, Employment and Workplace Relations (DEEWR) in 2009. The adjusted financial statements are presented in a format similar to that outlined in the Department's *Financial Statement Guidelines for Australian Higher Education Providers for the 2008 Reporting Period*.

1.2. Significant items

1.2.1. Global Recession

The global recession has resulted in a significant decrease in net investment revenues reported for the higher education sector. Due to the differing levels and types of investments held by universities, the impact on individual universities varies significantly.

The sector as a whole reported a net investment loss of \$595 million in 2008 compared with a net investment gain of \$887 million in 2007. The most significant impact was on the Group of Eight universities where net investment losses were \$585 million in 2008 compared with a gain of \$648 million in 2007. The net result reflects a downturn in investment earnings and expensing of impairment of the value of investment assets.

While not specifically disclosed in university financial statements, it is anticipated that the long timeframes for which many investments are held will result in the value of investment assets recovering in future. This would reduce any impact on universities' operations.

Due to the different disclosures by individual universities, investment losses and/or impairment may have been offset against investment revenues and as such may not be included as losses in this publication.

The 2007 finance collection did not specifically identify impairment of investments or investment losses. It is expected that these investment expenses would not have significantly impacted on the net investment revenue reported for 2007.

1.2.2. Consolidation of Australian Maritime College by the University of Tasmania

The *Maritime Legislation Amendment Act 2007* made the Australian Maritime College (AMC) an institute within the University of Tasmania and transferred all assets and liabilities to the University of Tasmania on 1 January 2008. All operations of the AMC Institute are included in the University of Tasmania finances in this publication. This should be taken into consideration when comparing University of Tasmania finances reported in this and subsequent publications with previous publications.

The Net Increase in Equity (Table 3) for the University of Tasmania for 2008 includes the increase from the transfer from the AMC. However, the Tasmanian and National totals do not include this increase as it is offset by the reduction in equity reported by AMC from \$62.979 million in 2007 to nil in 2008.

1.3. The data reported

1.3.1. How the data was collected

Each year HEPs are required to prepare Annual Financial Statements in accordance with the specifications in the *Financial Statement Guidelines for Australian Higher Education Providers* (Guidelines) for the relevant reporting period. These Annual Financial Statements are intended to meet the financial reporting requirements of the Australian Government and State/Territory agencies.

This publication has been prepared from HEPs' audited Annual Financial Statements and, while in most respects the data in this publication will be the same as those statements, there may be some minor classification differences. This is because the Annual Financial Statements of some HEPs depart from the Guidelines. Also, the Adjusted Statements of Financial Performance for dual sector HEPs, in some instances, include data that was not reported in the financial statements but provided by HEPs in separate spreadsheets.

As the financial statements in this document are not identical to the financial statements in the providers' published Annual Financial Reports, the term 'adjusted' has been used.

Unless otherwise indicated, amounts relate to the parent entity for the total institution as indicated in the university's financial statements. That is, tables 1, 3 and 4 include both higher education and vocational education and training sectors for dual sector institutions.

Amounts in respect of 2007 included in the Overview of Data are amounts as reported in the Finance 2007 publication.

Revenue and expenses exclude deferred superannuation book entries that relate to unfunded higher education superannuation.

1.3.2. HEPs providing data

The data reported in tables 1 to 4 relate to HEPs listed in Table A of the *Higher Education Support Act 2003* and the University of Notre Dame Australia (which is listed in Table B of the Act). The data for 2008 was obtained from the 39 HEPs listed in Appendix 1.

1.4. Conventions followed in representing the data

Data in the tables are dollars rounded to the nearest thousand. Therefore totals do not always match precisely with the sum of values in the rows and columns. Zeros indicate that the original value was nil or less than \$500.

2. Overview of the Data

2.1. HEP Operating Revenue

For the 39 HEPs in 2008, the total operating revenue, including for Vocational Education and Training activities, was \$19.0 billion (revenue for higher education activities was \$18.4 billion). Revenue from the Australian Government was \$10.8 billion of which \$8.2 billion was for grants and \$2.6 billion was for HECS-HELP and FEE-HELP payments. Upfront Student Contributions were \$0.5 billion and the remainder was split between the following: Fees and Charges (\$4.2 billion); Consultancy and Contracts (\$0.9 billion); Investment Income (\$0.5 billion); State and Local Government (\$0.7 billion); and other sources (\$1.4 billion).

2.2. HEP Operating Expense

For the 39 HEPs in 2008, the total operating expense was \$18.6 billion (expense for higher education activities was \$18.1 billion). Of the total amount, \$5.2 billion was accounted for by salary and salary related expenses (excluding payroll tax) for academic staff, and a further \$4.5 billion by salary and salary related expenses (excluding payroll tax) for non-academic staff. The remainder was split between the following: Payroll Tax (\$0.5 billion); Depreciation and Amortisation (\$1.1 billion), Repairs and Maintenance (\$0.5 billion), Investment Losses/Impairment (\$1.1 billion) and other expenses (\$5.7 billion).
