

The easiest way to join in with someone's game is to just ask! If they say 'no', you can find something else to do. But if you don't ask at all, you might miss out on lots of fun!

1. Colour, cut out and make the finger puppets below.
2. Roll a die and read the number. Match the number to one of the pictures below.
3. Use the puppets to pretend to ask if you can join in!

What are your favourite things to do? Start your own game. Who knows ... someone might ask if they can play with you!
